## Experience

### Alten

*Consultant as Full-Stack Developer*

February 2023 – Present

*Remote – Milan, IT*

- > I am currently working as a lead Microsoft developer.
- > With the company I have worked on two Finance clients, on technologies ranging from VB6 to .NET8.
- > I also worked on web apps using Angular in conjunction with .NET APIs.
- > I tutored new team members, some of whom from abroad, assisting the communication between Italian and foreign colleagues.
- > I am currently the leader for my team, facilitating both management between company and client and fundamental technical decisions within the team.

### 7Pixel s.r.l.

*Full-Stack Developer*

2020 – 2023

*Giussago, IT*

- > Developed several CMS's for e-commerce backend management
- > Assisted in several major technological and business transitions
- > Tutored new resources in the company

### Mentes

*Consultant for Cedacri*

2018 – 2019

*Parma, IT*

- > Maintained and operated anti-fraud platform, working in close contact with client banks' representatives
- > Assisted management with the introduction of a big international bank
